

Waimea Trails and Greenways

MEETING NOTES

October 31, 2005

PRESENT: Clem Lam, Avi Okin, Keith Wallis, Jim Lutter

1. Carter Center - Avi has to get the signature of Patricia Engelhart, He will keep on top of James to get her signature. Avi says NRCS will make this a priority project once we get the signatures from Parks and Rec and from David Pietsch.
2. Parker Ranch - Clem heard from Riley who responded to Parks and Rec's letter of July with questions on clarifications. It seems like some of the answers have to come from Kaz's team.
3. Parker School - Clem and Ben will meet with Parker School on Monday November 7 at 9:00 am to show them the trail and Ben will talk about work days and how they can help.
4. Next Monday we will meet at the back of Carter Center to look at the trail where the trees were removed. We will also look at it in terms of workdays to clear the minor stuff between Nature Park and Lindsey Road.
