MEETING NOTES

April 23, 2007

PRESENT: Clem Lam, Leningrad Elarionoff, Lynn Taylor, Avi Okin, Laura Dierenfield, Jim Lutter

1. Lodge - Kaz has a meeting with Robin Nonaka tomorrow to discuss easement across Lodge property.
2. Telcon with James Komata today - James said he got a letter or call from Galen Kuba last Friday saying that he thinks WT&G is being dropped from the STIP list - the application to renew was last Friday. This will jeopardize our federal funding. James thinks we can do it with CIP money but we need to take advantage of the Federal money.
We need to take action on this:
 - Clem has a call into the Mayor who said he will help by making sure our funding is in place and that he would have Roy Takemoto work on a schedule (this was in our meeting with him in October)
 - Jim Lutter will call Galen Kuba (head of Public Works) 961-8321 to find out what this means.
 - Lynn will try to call her contact at DOT
 - Tommy Sing will call Bob Masuda
 - Avi will call Cindy Evans, Lorraine Inouye and Pete Hoffman (after May 1)
3. Parker Ranch - James has not had a chance to meet with Diane Noda to review the Parker Ranch documents - we need to get this done - he will get to it within 2 weeks.
4. Clem is gone to the mainland till May 10 - our next meeting will be May 14.
