

# Waimea Trails and Greenways

## MEETING NOTES

June 4, 2007

PRESENT: Clem Lam, Tommy Sing, Lynn Taylor, Leningrad Elarionoff, Laura Dierenfield, Avi Okin

1. Honu triathlon - Laura was awesome - trail volunteers made some \$ for the trail coffers.
2. Parker Ranch agreement - Diane Noda is reviewing it and has some problems with some of the language. James will follow up with her as to when she will have that completed. Leningrad volunteered to follow up with Lincoln Ashida - Daine's boss - she is being transferred to another department so it is important to have her do this before she leaves.
3. Nature Park - Diane is also working on paper work providing for the perpetual easement for Waimea Trails through this piece of property.
4. Fran Tabor - resident of Sandalwood and concerned about trail users coming onto her property, hurting themselves causing liability for her. She has started a petition to get the State Land (17 acres) adjacent to HELCO by the transfer station for a park. I told her we already have that for a park. She would like to meet tomorrow to go over what we have in mind.
5. Workday at County trail behind Magoon's - Leningrad took us for a walk to see the results of our workday 2 weeks ago. We would like to see if we could get a chipper for June 16 to have a work day - Clem will contact Keoki Magoon.
6. Laura signed us up to be in the Waimea Christmas Parade December 1 - we voted in favor of doing this. More on this later.
