

# Waimea Trails and Greenways

## MEETING NOTES

October 30, 2007

PRESENT: Clem Lam, Lynn Taylor, Peggi Kamisato, Avi Okin, Leningrad Elarionoff

1. Waimea Outdoor Circle

The status of getting the easement lies with the County coming up with the Memorandum of Understanding that the County can live with - James can you get this done? Who if not you.

2. Parker Ranch - got an email from Alan Okamoto that he recieved document with 2 Parker Ranch Trustee signatures on it - now we need the County to sign.

3. Tee shirt discussion:

- Leningrad gave WT&G \$1000 to produce tee shirts to help get people fired up about the trail. Clem to send an acknowledgement of this gift.
- Leningrad came up with some designs - these don't seem to get us fired up.
- Clem to talk to Keawe Liu about coming up with some designs
- Now that we have easements from Lindsey Road to the Lalamilo Research station - we can organize a work day. Carefully planned out to target 100 or so people in organized work groups of 10 each with a work leader. The trail easment will have to be staked out prior and specific tasks will have to be assigned. The idea is to get everyone out on one day to build excitement and comraderee. The tee shirts would be given as participation gifts. Refreshements, child care.
- Tap local contractors and landscapers.

cc. Kaz Shigezawa, Greg Mooers, James Komata
