

Waimea Trails and Greenways

MEETING NOTES

July 20, 2009

PRESENT: Clem Lam, Avi Okin, Peggi Kamisato

1. Parker Ranch fencing - Brandie Beaudet said he met last week with James Komata and talked about the Parker Ranch fence going on Parker Ranch land between Opelo and Kahawai Street. Parker Ranch and Parks and Rec don't want to do that because it will take too much land from the Regional Park obligation.
Brandie did say they will look into putting in a temporary electric fence so we can have our work day and extend the trail to Kahawai Street. He will talk to the live stock manager. Clem needs to follow up with Brandie.
2. Avi and his grandson spread wood chips along the trail last Saturday between CFHT and the Nature Park.
3. David Imata says he will be 90% complete with his drawings for Increment One by the beginning of August. He has already submitted for permitting the 404, 401, NPDES, CLOMR. He needs to find out who can represent the Native Hawaiian organization in Waimea so he can submit the 106 Cultural survey. He has done the State Historic Presevation requirements and they should be coming back to him this week.

cc. James Komata, David Imata
