

# Waimea Trails and Greenways

## MEETING NOTES

August 16, 2010

PRESENT: Clem Lam, Peggi Kamisato, Leningrad Elarionoff, Avi Okin

1. Kahawai Street - James Komata is supposed to be looking into this.
2. Parker Ranch easement has been extended to the south side of the Stream permanently (Mahalos to Margaret Willie for her tenacity). However questions about the fencing have arisen - who is going to pay for it? County or WT&G?
3. Lalamilo Research Station Fence- 2 options - we get the County to put in the permanent fence through their procurement process or we put in a temporary fence using hog wire that we buy and install ourselves. Leningrad will check with Milton and Kanu to see if that is acceptable.
4. Waking trail to Kahawai Street - we should walk this to see where we can make a reasonable trail with minimum amount of grade change.
