

Waimea Trails and Greenways

September 27, 2010

Present: Clem Lam, Peggi Kamisato, Tommy Sing, Laura Dierenfield

1. Richard Smart Grant - we will use some of this money to pay for the fence materials through Parker Ranch.
 - we will need an itemized list of what the money is for to present to the Foundation to justify the expenditures
 - Total grant is \$10,000 allocated as follows:
 - Up to \$8,000 for materials for fencing
 - \$1000 for fiscal Administration by PATH
 - \$1000 for volunteer incentives
 - Mahalo Ad will be incorporated into PATH's 1/2 page ad.
2. Laura had a concern that Leningrad was OK with using the Richard Smart Grant money for fencing.

Unresolved items from last week:

1. Parker Ranch agreement ask Bob Fitzgerald if he has signed it.
 - Gates at Kahawai Street how is this addressed in the agreement
2. Lalamilo Research Station fence - County procurement process - what is status - this is critical path for timing!!!
3. West end of Sandalwood and the Parker Ranch easement - we still do not have a way of crossing over to the State lease next to the transfer station - the County needs to work on this.
